Manufacturer Web Sites!

We Are Pleased to Represent the Following Manufacturers:

Over 90 years of manufacturing
water pressure, thermostatic and
temperature valves and Shark
Bite Fittings

Hydronic Controls; Zone Control
Panels, 3-way & 4-way valves,
thermostatic radiator valves

Gas, water and steam Unit
Heaters, convectors, cabinet unit
heaters, kick space heaters and
baseboard

Non Penetrating Roof Top Support
System for gas pipe, refrigeration,
electrical, duct support and HAVC
Applications. Made from 100%
recycled Material

Brazed Plate Heat Exchangers
for use in Hydronics, steam and
Industrial applications

Commercial, Residential,
Industrial Expansion Tanks and
Water Controls

Flexible Stainless Steel gas appliance
Connectors for Commercial,
Industrial, and Residential

Slab Insulation for Residential,
Commercial, Agricultural and Radiant
Heating

Flexible Pre-Insulated PEX Pipe
for underground heating and
cooling

The world's largest Tankless
Water Heater Manufacturer

HWAT Domestic Hot Water Pipe
Tracing Cable

Since 1859, Smith has manufactured cast iron
sectional boilers for steam and hot water service

Proven, Patented technology for
delivering hot water in Commercial and
Residential DHW Systems

Corrugated Stainless Steel Tubing
(CSST) for natural gas and propane
piping. Available from 3/8" to 2"

PEX Tubing for Radiant Floor
Heating, Snow Melting and Heating
Applications

Residential and Commercial
applications ranging from 1/4 H.P. to
50 H.P. Sump Pumps
